# Case Study (Water resistance)

### Scenario :

Some application that requires to spray water onto the conveyor.

①

In order to use Motor in an application that requires water spraying. Many conveyor maker will make an additional casing to cover up the Motor.

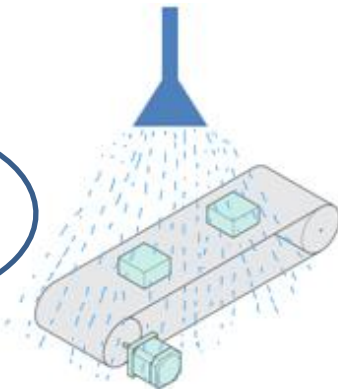

**TOO TROUBLESOME!!!**

②

I recommend  
**BMU Series!**  
IP65 Type Motor!

Sales Person

No casing needed  
& Motor is smaller!

Save trouble installing!

Save cost on additional casing!

Completely dust-proof design!

Protection against water jet!
